

200 USD

- Paid at subscription
- One-time payment

2,000 USD

Paid in two instalments:

- 60% upon signing
- 40% on the approval of NaaceMark

Prices are excluding any taxes in your country

YOUR NAACE ACCREDITATION JOURNEY

1

EUMMENA SELF-REVIEW FRAMEWORK (SRF) MEMBERSHIP

Your institution purchases an annual membership that gives access to:

- **Naace SRF Tool** (<https://srf.eummena.org/>)

Your institution (school, university, academy, etc.) uses this online tool to evaluate your internal capacity in terms of EdTech. During this process, you will be asked to communicate with your team and compile documents that support your assessment.

- **NaaceSpace Platform** (<http://naacespace.eummena.net/>)

In this platform, you can find the NAACE “Advancing Education” Journal, eGuides, and you get connected for personalized support on how to complete the SRF Tool by our certified assessors.

2

EVALUATION OF THE COMPLETED SRF

A NAACE-certified assessor will go through the completed SRF tool and make sure that the institution assessments are well supported by evidence. The duration of this process is approximately one week. **Additional evidence can be requested if it proves insufficient.**

3

VIRTUAL ASSESSMENT VISIT

A NAACE-certified assessor conducts interviews with selected stakeholders within the institution (based on the SRF evaluation). In this step, your institution will also prepare a short video tour, showing teaching areas and associated technology facilities.

4

NAACEMARK AWARD ACCREDITATION

Once your institution has been accredited, the awarding certificate and NaaceMark Plaque will be sent to you. **The accreditation is valid for 3 years.**
